DataHEALTH RECEIVES URAC HIPAA SECURITY BUSINESS AND COVERED ENTITY ASSOCIATE ACCREDITATION

Ashland, KY – DataProtech®, Inc. dba DataHEALTH® announced that it has been reaccredited HIPAA Security Business and Covered Entity Associate Accreditation from URAC, a Washington, DC-based healthcare accrediting organization that establishes quality standards for the healthcare industry. URAC's HIPAA Security accreditation programs outline a framework of best practices that describe the operational policies and procedures necessary for an effective compliance program. DataHEALTH received its first URAC HIPAA Security accreditation in 2005.

"DataHEALTH is honored to be reaccredited URAC HIPAA Security Business and Covered Entity Associate Accreditation," said James Dalton, President and CEO of DataHEALTH. "We are very pleased to continue to be recognized for our good faith efforts to meet HIPAA Security requirements. This accreditation verifies DataHEALTH's compliance efforts to our customers and current and potential business partners."

DataHEALTH is the leading provider of cloud data backup, storage and recovery to the healthcare industry nationwide. Founded in 2000, DataHEALTH currently serves over 3000 healthcare offices.

"By applying for and receiving URAC accreditation, DataHEALTH has demonstrated a commitment to quality healthcare," said URAC President and CEO Kylanne Green. "Quality healthcare is crucial to our nation's welfare and it is important to have organizations that are willing to measure themselves against national standards and undergo rigorous evaluation by an independent accrediting body."

The URAC standards development process is consensus driven, with over hundreds of industry experts serving as volunteers to establish and revise appropriate industry benchmarks.

URAC, an independent, nonprofit organization, is a leader in promoting healthcare quality through accreditation and certification programs. URAC's standards keep pace with the rapid changes in the healthcare system, and provide a mark of distinction for healthcare organizations to demonstrate their commitment to quality and accountability. Through its broad-based governance structure and an inclusive standards development process, URAC ensures that all stakeholders are represented in setting meaningful standards for the healthcare industry.
